

The Whyte Museum of the Canadian Rockies is an exciting place for people from around the world to explore and learn about the art, culture, and history of the Canadian Rockies.

Founders Peter and Catharine Whyte were artists and philanthropists. Peter was born and raised in Banff, a member of one of Banff's pioneer families. Catharine was from a distinguished Massachusetts family. Far from the wild peaks of the Canadian Rockies, Catharine Robb and Peter Whyte met at the Boston Museum School of Fine Art in 1927. They married in 1930, and made Banff their home. A studio home was built one year later where they would soon live and paint the grandeur of their beloved mountains.

Catharine and Peter travelled extensively and continued to paint and draw through the 50s and 60s until Peter's death in 1966. Catharine then turned her concerns to the community, travel, skiing, and conservation. Their interest in culture and understanding of philanthropy led to the development of the Peter and Catharine Whyte Foundation, and the Whyte Museum of the Canadian Rockies, which opened in 1968. Catharine remained involved until her death in 1979.

The Whyte Museum is one of only a few Canadian museums that is operated by a registered charitable foundation. The Foundation independently funds the operations of the Whyte Museum through its endowment income, donations, admissions, membership, retail, and other services.
